

CITY OF VICTOR
COLLECTION SYSTEM CLEANING AND TELEVISIONING PROJECT

August 25, 2009

August 25, 2009

To All Plan Holders And Prospective Bidders:

Please find attached, Addendum No. 1 for the City of Victor Collection System Cleaning and Televising Project.

One Copy of Addendum No. 1 is provided herewith. Bidders must acknowledge receipt of this Addendum on the Bid Proposal. Any bid proposal which does not acknowledge this Addendum may be considered non-responsive.

This Addendum shall be become part of the contract documents.

Sincerely,

A handwritten signature in black ink that reads 'Sidney Innerebner'. The signature is written in a cursive style.

Sidney Innerebner

SECTION 00901

ADDENDUM 1

PART 1 GENERAL

1.1 SCOPE

Clarify and modify plans, specifications, and contract documents for the City of Victor Collection System Cleaning and Televising Project

1.2 RESPONSE TO QUESTIONS

Q1: Has the State completed the Davis Bacon wage determination?

A1: No. Davis Bacon wages will be required for this project. Section 00150 of the bid package includes a copy of the wage determination request submitted to the State of Colorado Department of Labor.

Q2: Does the City of Victor have a gas station capable of supplying diesel fuel?

A2: No. There are no gas stations within Victor, Colorado. There are several gas stations in Divide, Colorado that provide diesel fuel.

Q3: Should root removal be performed automatically for all lines?

A3: No. Sewer lines should be cleaned and televised to determine the need for root removal. Section 1112-3, Part 2(B)(4) has been modified by this Addendum.

Q4: Our company charges by the foot for root removal, but the minimum charge for root removal in a line will be from manhole to manhole even if only part of the line contains roots. How do we show this on the bid form?

A4: Show the linear foot price for root removal and note that minimum charges are per pipe section from manhole to manhole.

Q5: Do we have to use the pipe and manhole inspection forms provided with the bid documents?

A5: No. If you are more comfortable using a different form, then the form can be submitted to the Engineer for approval.

Q6: The bid documents state that water must be purchased from the City of Victor. Do we have to buy water from the City?

A6: Yes. The City has a designated fire hydrant equipped with flow measurement device. There are no other water sources within Victor.

Q7: The bid documents state that the Contractor is responsible for waste disposal. Is there a City dump or can the waste be stockpiled somewhere in the City? Can we take the debris to the wastewater treatment plant?

A7: The City of Victor does not have a dump or storage site for debris. The wastewater treatment plant is too small to effectively process the amount of debris likely to be generated by sewer line cleaning. The Contractor is responsible for finding a disposal location as detailed under Section 1112, page 4, item 2.5.

The nearest landfill is the Phantom Canyon Landfill near Canon City approximately 65 miles away. It is unknown whether the landfill accepts this type of waste. The City of Victor disposes of municipal trash through a company called Long Branch in Divide, Colorado. Long Branch provides roll off dumpsters to the City.

Q8: Section 1112 asks the Contractor to remove protruding taps, but there isn't a line item for this service on the bid form.

A8: Modify the bid form (Section 00300) to include item #3 – Unit cost for removing protruding laterals.

Q9: Should protruding lateral removal be performed automatically for all lines?

A9: No. Sewer lines should be cleaned and televised to determine the need for lateral removal. Section 1112-3, Part 2(B)(5) has been modified by this Addendum.

Q10: Does Victor have hotels?

A10: Yes. The Victor Hotel is located on Victor Avenue. On a previous project, they offered a contractor rate of \$65 per night plus applicable taxes. <http://victorhotelcolorado.com/> Call to verify pricing and availability.

Q11: If root and protruding lateral removal isn't automatic, do we need to provide the City with a list of work to be done and estimated cost before proceeding?

A11: Yes. Section 1112-3, Part 2(B) has been modified by this Addendum.

Q12: How long do we have to complete the work?

A12: The project must be completed within 60 calendar days of receiving the Notice to Proceed.

Q13: We don't have GIS equipment. Can we submit detailed information such as the distance of a newly discovered manhole from existing manholes, street corners, curbs, etc. in place of GIS data?

A13: GIS data is preferred; however, if it can't be provided, please note this on the Bid Form (Section 00300) and describe what information will be provided instead.

Q14: It sounds as though the primary goal of this project is to obtain information about the collection system. Is that accurate?

A14: Yes. The City will use the information obtained through cleaning and televising to update system maps and schedule future maintenance and line replacement.

1.3 MODIFICATIONS

Incorporate the following additions, corrections, and modifications into the plans, specifications, and contract documents:

SPECIFICATIONS

Item	Section	Revision
1.01	00100	Item 1 – Replace 41,200 linear feet with 39,000 linear feet. Add the following text to end of Item 1: “City staff and surveyors field verified the locations of 94 manholes and 5 cleanouts. System maps have been updated to reflect the new information and are included with Addendum 1.”
1.02	00100	Item 2 – Replace 41,200 linear feet with 39,000 linear feet.
1.03	00100	Last paragraph beginning on page 00100-1 add “Documents may also be downloaded from Indigo Water Group’s website at http://www.indigowatergroup.com
1.04	00300	Bid item #1 – replace 41,200 LF with 39,000 LF
1.05	00300	Add bid item #3 – Removal of protruding lateral connections via use of internal cutting devices. Provide unit cost.

1.06	00300	At top of page 00300-2 before individual bid items add the following text: “Contractor acknowledges that quantities for root and protruding lateral removal are unknown and will be determined by CCTV inspection of sewer lines. Quantities for these items will be negotiated with the City following CCTV inspection.”
1.07	01112	Section 1112-3, Part 2(B)(4) – Delete “Roots shall be removed prior to sewer line inspection.” Replace with “Root removal shall be negotiated with the City following CCTV inspection. Contractor shall provide an estimate of total linear feet requiring root removal and a list of locations requiring root removal. City shall determine extent of root removal. Final cost will be based on unit price submitted on bid form, Section 00300. When approved by the City, special attention shall be used...”
1.08	01112	Section 1112-3, Part 2(B)(5) Add the following text: “Protruding lateral removal shall be negotiated with the City following CCTV inspection. Contractor shall provide an estimate of the total number of laterals requiring work and a list of locations. City shall determine extent of protruding lateral removal. Final cost will be based on unit price submitted on bid form, Section 00300. When approved by the City, Contractor shall remove....”
1.09	01113	Section 01113-1(1.2)(A) Replace 41,200 linear feet with 39,000 linear feet.

(EXHIBIT VIII-L)**

BID FOR UNIT PRICE CONTRACTS

Place: City of Victor, Colorado

Date: _____

Project No.: Collection System Cleaning and Televising

Proposal of _____ (hereinafter called Bidder), a corporation organized under the laws of the State of _____ /a partnership/an individual doing business as _____ (strike out inapplicable references).

To the City of Victor, Colorado (hereinafter called Owner).

Gentlemen:

The Bidder, in compliance with your invitation for bids for the

Cleaning and Televising of Gravity Sewer Lines

having examined the plans and specifications with related documents and the site of the proposed work, and being familiar with all of the conditions surrounding the construction of the proposed project including the availability of materials and labor, hereby proposes to furnish all labor, materials, and supplies; and to construct the project in accordance with the Contract Documents, within the time set forth therein, and at the prices stated below. These prices are to cover all expenses incurred in performing the work required under the Contract Documents, of which this proposal is a part.

Bidder hereby agrees to commence work under this contract on or before a date to be specified in a written "Notice to Proceed" of the Owner and to fully complete the project within consecutive calendar days thereafter is stipulated in the specifications. Bidder further agrees to pay as liquidated damages, the sum of \$ _____ for each consecutive calendar day thereafter as hereinafter provided in the GENERAL CONDITIONS.

Bidder acknowledges receipt of the following addenda:

Bidder agrees to perform all the _____ work described in the specifications and shown on the plans, for the following unit prices:

ADDENDUM 1: [Contractor acknowledges that quantities for root and protruding lateral removal are unknown and will be determined by CCTV inspection of sewer lines. Quantities for these items will be negotiated with the City following CCTV inspection.]

Item #	Est. Qty.	Description	Unit Price (Each)	Total Price
1.		Cleaning and televising gravity sewer lines Between four (4) and twelve (12) inches in diameter. Provide cost per linear foot including debris disposal. Total linear feet is estimated at 41,200 LF.	_____ Dollars & Cents (\$ _____)	_____ Dollars & Cents (\$ _____)
2.		Root removal from gravity sewer lines between Four (4) and twelve (12) inches in diameter. Provide Cost per linear foot including debris disposal.	_____ Dollars & Cents (\$ _____)	_____ Dollars & Cents (\$ _____)
		ADDENDUM 1: [3. Removal of protruding lateral connections via use of internal cutting devices. Provide unit cost.]	_____ Dollars & Cents (\$ _____)	_____ Dollars & Cents (\$ _____)

TOTAL OF BID \$ _____

Amounts are to be shown in both words and figures. In case of discrepancy, the amount shown in words will govern.)

The above unit prices shall include all labor, materials, bailing, shoring, removal, overhead, profit, insurance, etc., to cover the finished work of the several kinds called for.

Bidder understands that the Owner reserves the right to reject any or all bids and to waive any informality in the bidding.

The Bidder agrees that this bid shall be good and may not be withdrawn for a period of thirty (30) calendar days after the scheduled closing time for receiving bids.

Upon receipt of Owner's written acceptance of this bid, Bidder will execute the formal contract attached within ten (10) days and deliver a Surety Bond or Bonds as required by the GENERAL CONDITIONS.

The bid security attached in the sum of _____ (\$ _____) is to become the property of the Owner in the event the contract and bond are not executed within the time above set forth, as liquidated damages for the delay and additional expense to the Owner caused thereby.

Respectively submitted,

By: _____

(SEAL - If bid is by a corporation)
